Re: This letter is an Appeal against the Discount Percentage

On Form 471, application number **743508**, we have a discount level of **88%** which was funded by the SLD. On Form 471, application number **743846**, we provided the same free and reduced count as on form **743508**. However on **743846** the SLD shows a discount level of only **80%**. We believe this is a clerical error based on the above information.

Upon funding of form 471, application number **743846** with FRN numbers 2008072 and 2008038, please adjust the discount level to **88%**.

Thank you.
